GCI Board Member with the Governments

Alongside its highly successful international private client practice, GCI has a thriving government advisory practice which advises and assists countries on economic development strategy and implementation in the areas of residence and citizenship programs.

In the last years, GCI and their Board Advisors has advised many governments on projects ranging from strategic consulting to the design, implementation and operation of investment related residence and citizenship programs. The objective of such programs is to enhance a country's attractiveness to international entrepreneurs and investors and to create more favorable conditions for foreign direct investments.

The following is an overview of some of the countries, governments and programs that our Board Advisors has been or continues to be involved with
